ADDITIONAL INFORMATION

What our owners have to say about living at The Renaissance on Turtle Creek:

"One of the main reasons we purchased the unit was the value of the condo based on the location. The price was right based on the market for condos in the area and we loved the floorplan as well as the location. Both of the bedrooms were large and the closet space was great and we had the opportunity to upgrade the kitchen with granite and beautiful cabinets, combined with new hardwood floors and a view of Lee Park we had the best of what Uptown has to offer at a very competitive price." Sharon, Owner, Building A
